REPORT OF LIBRARY TRUSTEES.

Our report for this year shows that the library has been patronized to a very liberal extent, the whole number of volumes loaned during the year being 2,248, sub-divided as follows:

Nature,	4
Biography,	6
History,	8
Poetry,	8
Miscellaneous,	8
Travel,	38
Juvenile,	253
Fiction,	1,923

The above table plainly shows what style of books are most in demand at the present time.

During the year 67 new books were purchased by the trustees; nine additional books being donated by citizens of the town. The largest number of books loaned in any one month was 278, in August; and the greatest number to any one family a year was 125.

The rule allowing one book per member of any family in town, has, no doubt, been a dominant factor for this satisfactory increase in the number of volumes loaned. We trust the citizens of the town will use the library to even a more liberal extent next year.

REPORT OF SCHOOL BOARD,

For the Year Ending February 15, 1913.

To the Citizens of Marlow:

Once more the wheel of time has spun around, it becomes our duty to submit for your consideration an account of our stewardship for the past school year.

We feel that, taking everything as a whole, it has been successful and progressive, and while it has not been all that we could desire, we must fall back upon the experiences of all human endeavor that perfection is difficult of attainment. Still, we think our endeavors have not been futile and that a fair degree of advancement has been noted.

As teacher of the primary department at our village school house, we secured the services of Miss Sara Phelps, and to her earnest and faithful work in leading and training the young minds entrusted to her care and guidance, we think all credit should be given.

In the grammar school department results were satisfactory, as a whole, though in a lesser degree.

The records of the school year just closed show a somewhat more complex state of affairs, which are now a matter of history.

Our board engaged Miss Adele Ranson, a young lady of good character and pleasing personality, who though inexperienced in school discipline and leadership, was both willing and anxious to succeed, but, after a liberal trial, we came to the unanimous conclusion that unsatisfactory conditions were existing, and owing to a total absence of discipline and ability to impart knowledge, the

board decided a change would be beneficial for the welfare of the school.

Accordingly we acquired the services of Miss Sarah J. Holland, and under her direction we feel substantial progress has been made, and note a noticeable gain in all branches of school work. The atmosphere of the school room seemed more thoroughly imbued with the spirit of "get there" and order than it had for quite a while prior. Order, as is often said, is heaven's first law, and no school can be a success without a measure of that very desirable quality.

The spring term at the Stone Pond school house was taught by Miss Edna Russell, who, while not having had a long experience, nor a very large school, had very fair success.

Our aim has always been to try and have all our citizens satisfied as far as we can, and therefore deemed it a matter of good business policy to pursue as conservative a course as possible, and we hereby submit to you an account of our efforts.

Most of the parents showed patience and cooperation during the vicissitudes and trials of the school year, which we appreciated. We most respectfully urge the parents of every family to visit school at least once every term and see for themselves how conditions are and consider well before placing the blame, if any, where it belongs, and also the credit, where due.

The number of weeks taught at Stone Pond school was 10; at the village schools 30 weeks each.

Owing to conditions beyond our control we had the scholars from No. 7 and from the west part of the town conveyed to the village, and we think the better instruction furnished the scholars warranted the method employed.

In conclusion, we would say the board is always open to suggestions for the good of the schools and trust the year 1913 will witness a far greater degree of advancement than in the past.

The following is the roll of honor as it appears on the register:

Three terms—Frank C. Elliott, Leland L. Herrick.

Two terms—Richard F. Herrick, Earl J. Herrick, Jessie F. French.

One term—Elgin Russell, Ira French, Emery Young, Orlando Boccico, Edward Hubbard, Carroll Perry, Russell Perkins, Fred Murdough, Sidney Davis, Walter Wright, Harriet Brady, Helen Brady.

The school board presents to the town the following estimate of money required to be raised for the support of schools for the year 1913:

1. School money required by law and such additional sums as the district may vote.	
2. Money for high school tuition,	\$50 00
3. Money for text books and supplies,	60 00
4. Money for salaries of district officers,	76 00
